PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 5th January 1911.

No. R. 4122-7—L. R. 102-09-8, DATED BANGALORE, 5TH JANUARY 1911.

ORDER.—In connection with the passing of the Irrigation Cess Fund budget for 1909-10, framed for the first time in accordance with Government Order No. R. 2086-96—L. R. 585-07-11, dated the 24th September 1908, it was found that the expenditure in some districts was much in excess of the receipts realized from those districts, while in others it was less than the receipts. Government have, therefore, had under consideration the question whether it may not be possible to lay down some general principles to regulate such expenditure and secure to each district or other suitable local area for expenditure in it on all purposes for which the cess is legitimately intended to be applied, a definite proportion of the cess locally collected the balance being treated as a general fund to be utilized in the manner most advantages for the maintenance and improvement of irrigation works in the State. In order, however, to arrive at a satisfactory solution of this important question, Government are of opinion that it is desirable that the whole subject should be thoroughly discussed by a Committee who will have to consider, what the income from the irrigation cess in each district is, what the minimum which is ordinarily required for all necessary and proper expenditure in each district is, whether it will be possible by adopting the districts as units of distribution to adjust the expenditure to the income and leave a surplus for the formation of a general fund and, if not, what modifications should be adopted and how local expenditure is to be controlled. The principles upon which the general fund is to be formed, the purposes for which it may be applied, the manner in which it is to be administered and deficiencies in local expenditure are to be supplemented, may also be formulated. The Committee will consist of the Revenue Commissioner as President, the Chief Engineer and the Superintendent of Revenue Survey and the Deputy Commissioners of the Bangalore or the Mysore District, as the case may be, where the Committee hold their meetings and Mr. C. Srikanteswara Aiyar, Deputy Commissioner of the Kolar District, as members.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Survey, dated 17th January 1911.

READ—

Correspondence ending with letter No. 5714, dated the 1st December 1909, from the Revenue Commissioner in Mysore, forwarding the records connected with the appeal preferred to Government by Patel Rangaiya of Sidankallahalli, Shimoga Taluk, against the order of the Revenue Commissioner cancelling the orders passed in January 1904 by the then Officiating Deputy Commissioner of the Shimoga District (Mr. N. Venkata Rao), reducing the jodi (Rs. 14-8-0) on Survey No. 6 (a share of a Patell Service Inam) of that village to the amount of its full survey assessment (Rs. 4-8-0) relying on Government Orders No. 10991-9—R. 1194, dated the 9th January 1894 and No. 2220-8—R. 853, dated the 21st August 1895.

No. R. 4225-35—L. S. 17-07-22, DATED BANGALORE, 17TH JANUARY 1911.

ORDER THEREON.—It is clear from the Government Order No. 1609-17—R. 518, dated 18th August 1900, that it is only the jodi on the entire inam taken in the aggregate that is reducible to the amount of its full survey assessment when the former is greater than the latter in accordance with the Orders of 1894 and 1895, and this concession does not apply where such difference is found to exist not in the whole inam but merely in a share thereof.

Government see no reason to depart from the principle laid down in the Order of 18th August 1900. The Officiating Deputy Commissioner was therefore wrong in reducing the jodi in the case under reference in which the land was a share of an inam, and the Revenue Commissioner was right in cancelling that order. The order of the Revenue Commissioner appealed against is therefore upheld and the appeal rejected.

Letter No. 4391, dated 8th October 1910, from the Revenue Commissioner in Mysore, recommending sanction to an allotment of Rs. 35,000 for granting advances for carrying out earthwork and other repairs to major and minor restored tanks in the several districts during the year 1910-11, the cost of which is recoverable from the defaulting raiyats.

No. R. 4101-10—AGRI. 64-10-2, DATED BANGALORE, 3RD JANUARY 1911.

ORDER THEREON.—An allotment of Rs. 35,000 is sanctioned for the current official year for the purpose mentioned above. The Revenue Commissioner should distribute the allotment to the several districts in accordance with absolute requirements. Government are inclined to think that in view of tanks being full there will be small scope for the utilization of these advances. Some discrimination is therefore called for.

2. The Deputy Commissioners of Kolar, Tumkur, Kadur and Chitaldrug do not appear to have reported the extent to which they utilized the grants placed at their disposal for 1909-10, and Government regret further to observe that Deputy Commissioners generally have failed to furnish information in respect of the recovery of the advances placed at their disposal during previous years as required by Government Order No. R. 1855-65—Agri. 81-06-19, dated 9th September 1907, and that sufficient importance does not seem to be attached to the recovery of the amounts from the defaulting raiyats concerned as soon as the repairs are effected. Government are very anxious that there should be no delay in the recovery of these amounts as it is likely to have a very bad effect upon the raiyats themselves who, by persistent neglect, have rendered themselves undeserving of any consideration, while the large amounts spent every year if not promptly adjusted will tend to accumulate and cause much embarrassment in future. The Revenue Commissioner is therefore requested to issue strict instructions to Revenue Officers that the amount of expenditure incurred in each particular case is ascertained without delay and fully recovered within three months after the completion of the repairs.

3. The Revenue Commissioner is requested to report to Government how much of the advances granted in 1909-10 has been recovered.

Letter No. 2920, dated 24th September 1910, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim to the toddy revenue of Katturu village, Nanjangud Taluk, and stating that the Inamdar is not entitled to this revenue.

No. FL. 3802-3—S. R. 44-10-2, DATED BANGALORE, 17TH JANUARY 1911.

ORDER THEREON.—It is admitted by the Inamdar that neither the sannad nor the inam settlement concedes to him the toddy excise revenue. He further admits that he did not enjoy the revenue at any time prior to 1892-93, though there is said to be a toddy shop in the village. In these circumstances, Government are of opinion that the Inamdar is not entitled to toddy revenue. The shop in the village should be removed from the list of Inam shops.

Letter No. 3919, dated the 8th November 1910, from the Excise Commissioner, submitting the record of enquiry relating to the claim to the Toddy Excise revenue of Sarvamanya Hasguru village, Malvalli Taluk.

No. FL. 3806-8—S. R. 89-10-2, DATED BANGALORE, 17TH JANUARY 1911.

ORDER THEREON.—The sannad alienating the village in 1821 does not concede Toddy Excise revenue to the Manyadar and the Inam Settlement conducted in 1880 has reserved it to Government; nor has proof been adduced of the enjoyment of the revenue by the Inamdar. Concurring, therefore, with the unanimous opinion recorded by the Investigating officer, the Deputy and Excise Commissioners, Government hold that the claim is not established.

There being no date trees in the village, the Inamdar is entitled to nothing even under the Grove Farm system. The shop in the village will be treated as a Government shop and removed from the list of Inam shops.

READ—

Letter No. 322—A. B. 81, dated 7th October 1910, from the Inspector of Agricultural Banks in Mysore.

I have the honor to submit my annual Report on the working of the Agricultural Banks in the State for the official year ended 30th June 1910.

2. As in the previous year, the Amildars and the agents of the several banks were written to, to furnish me with the necessary details for drawing up this report. The information received from them was found to be very inaccurate and it had largely to be supplemented with the information available in my office.

3. The same tables of statistics that accompanied my report of last year have been sent this year also, as the elaborate tables prescribed in Government Order No. R. 2558-66, dated the 10th December 1901, could not be accurately prepared on account of want of proper information on various points which, it was found, was difficult to obtain from the banks in their present condition. The tables, therefore, refer to working banks only.

4. *Working Banks.*—The year under report opened with twenty working Agricultural Banks and during the year it was found necessary to wind up as many as seven banks as noted in the margin owing to their having fallen in arrears in the payment of dues to Government and in one case owing to the unsatisfactory management of the bank. Besides these banks, three banks those at Vitagondankoppa (Kumsi Sub-Taluk), Arehada (Sagar Taluk) and Kolgunsi (Sorab Taluk) were voluntarily wound up on account of the Government loan advanced to them having been repaid in full together with the interest due thereon. There were, therefore, at the end of the year only ten banks in working order. They are distributed as follows:—

Salur, Tadagani, Gerasinkuni } Shimoga District.
Seringapatam—Mysore District.
Turuvekere, Mavinkere, Nonavinkere } Tumkur District.

District	No. in 1908-09	No. in 1909-10
Bangalore ...	Nil	Nil
Kolar ...	1	1
Tumkur ...	7	4
Mysore ...	4	3
Shimoga ...	8	2
Hassan ...	...	...
Kadur ...	...	...
Chitaldrug ...	...	...
Total ...	20	10

5. *Villages sought to be benefited.*—The number of villages sought to be benefited was reduced from 184 to 86 consequent upon the reduction in the number of the working banks.

6. *Registered limit of funds.*—The total registered limit of funds of the banks working during the year was likewise reduced to Rs. 1,98,385-6-0 as against Rs. 2,86,385 in the previous year.

7. *Funds how obtained.*—The main source of the working capital of the banks was, as usual, the loan advanced to them by the Government and this was to a very small extent supplemented by deposits in the case of the marginally noted banks. The total amount of deposits attracted by the banks was only Rs. 9,469-9-9 out of which Rs. 7,359-11-9 was repaid to the members.

Hongenahalli—Kolar District.
Gulur, Arsur, Haldodderi } Tumkur District.
Palhalli, Kyathanahalli, Nanjangud } Mysore District.

8. *Number of members.*—The total number of members in all the working banks was 265 at the beginning of the year. There was only one case of admission in the Hongenahalli Agricultural Bank (Malur Taluk) and 11 cessations of membership There were, therefore, only 255 on the roll at the close of the year as against 417 of the previous year.

9. *Property of members.*—The total value of the property mortgaged to the several working banks was Rs. 1,97,052 as against Rs. 5,67,954 of the year previous.

Receipts and disbursements.—The total receipts amounted to Rs. 41,362-15-10 and the disbursements to Rs. 40,803-12-11 as against Rs. 80,431-4-4 and Rs. 79,687-8-7 of the year previous respectively. The largest receipts and disbursements were, as usual, in the Palhalli

Bank (Seringapatam Taluk), *viz.*, Rs. 25,787-2-11 and Rs 25,482-3-0 respectively. The closing balance of all the working banks put together amounted to Rs 559-2-11.

10. *Loans to members*.—During the year under report, a sum of Rs. 14,918 was lent out to members, the repayments amounting to Rs. 20,895-10-10 The corresponding figures for the last year were Rs 35,924-7-10 and Rs 40,332-1-10 respectively. The bank at Rampura in the Kortatagere Sub-Taluk did no business in the year. The general transactions of the banks show that they are fast failing in business

11. *Income of banks*.—The only source of income of the banks was the interest received on loans granted to members together with fines and penalties levied by the banks for defaults. The total income thus realized was Rs 5,016-0-0 which was mostly utilized for paying the interest due on the Government loan Very few of the banks have endeavoured to credit systematically year after year a portion of their income to the "Reserve Fund" and there is thus no chance of their continuance after the Government loan is fully repaid. The only banks that have got to reserve of their own worth mentioning, are those at Hongenahalli, Pallahli, Kyathanahalli and Nanjangud.

12. *Assets and liabilities*.—Statement No. IV appended to this report shows the financial situation of the working banks as it stood on the 30th June 1910. All the working banks seem to be in a solvent condition, their total assets and liabilities being Rs. 59,058-6-10 and Rs. 52,945-6-7 respectively. The balance sheet of the Ariyur Agricultural Bank in the Tumkur Taluk shows a deficit of Rs. 117-2-10. The agent of this bank has been asked to make up this deficit at once.

13. *Payment of interest on Government advances*.—The subjoined table shows the amount of interest paid during the year both by the working and wound-up banks:—

	1908-09.	1909-10.
	Rs.	Rs.
Working banks ...	... 2,387-2-10	... 1,219-15-3
Wound-up banks ...	... 8,813-14-3	... 14,532-12-2

14. *Repayments of instalments*.—The subjoined table gives approximately, the total amount of instalments paid up to the end of the year and the balance still due from the several working and wound-up banks separately:—

Instalments.	Amount due.	Amount paid.	Amount of balance.
	Rs.	Rs.	Rs.
1908-09 ...	6,13,667-10-8 ...	4,66,368-1-10 ..	1,46,699-8-10
1909-10 ...	6,64,972-5-4 ...	5,16,131-13-4 ...	1,48,840-8-0

The amounts of principal paid into the treasuries by working and wound-up banks respectively are exhibited below:—

	During the year.	Working banks.	Wound-up banks.
		Rs.	Rs.
Principal	1908-09	... 13,301-14-4	... 55,543-4-6
	1909-10	... 7,392-0-0	... 42,371-11-6

This year the recoveries of Government dues from the several Agricultural Banks are on the whole satisfactory. Individual members of the Banks of the Bangalore District applied to me for the grant of time and in deserving cases certain concessions were shown. As a rule, the banks of this district are very slow in making repayments, in spite of my repeated communications to the Deputy Commissioner, requesting him to issue strict instructions to the Amildars under him in the matter of adopting timely coercive measures in the case of recalcitrant members. The bank at Sulikunte in the Nelamangala Taluk, paid nothing either towards principal or towards interest.

I mentioned in my last year's report, that the official liquidator of the Thippenahalli Agricultural Bank and the Amildars of the Kadur and Koppa Taluks were auditing the accounts of the Thippenahalli, Ardikoppa and Sakrepatna Banks respectively. This year, I am happy to report that through the exertions of the Amildars, the recoveries from the latter two banks are very satisfactory as compared with the figures of last year. The following table shows the amounts of principal and interest paid by them during the year under report:—

	Bank.	Principal.	Interest.
		Rs.	Rs.
During the year 1909-10	Ardikoppa ...	6,273-14-8 ...	3,357-11-0
	Sakrepatna ...	1,005-0-0 ...	2,017-8 6

15. *Inspection*.—I visited the Thippenahalli Agricultural Bank in March last, in connection with a petition from the members of the bank, praying for grant of time addressed to

Financial (Banking), dated 4th January 1911.

Government. It has been subsequently decided by Government, on my report, that no further time need be granted. During the year, the banks at Ariyur and Rampura in the Tumkur District were inspected by the Sub-Divisional Assistant Commissioner.

16. *General remarks.*—Of the working banks only three—those at Palhalli, Haldodderi and Hongenahalli—may be said to have done some business worth the name; of the 59 Agricultural Banks started throughout the different parts of the State, as many as 14 banks as noted in the margin have completely paid off the Government loan together with the interest due thereon. None of them except the bank at Nanjangud have attempted to continue their existence chiefly on account of their failure to build up year after year, a decent reserve out of the annual profits to provide for the future capital. The Nanjangud Bank is, after repaying the Government loan in full, carrying on its transactions with its own reserve, which amounts to about Rs. 4,565. A portion of this amount has, as has already been brought to the notice of the Government, been invested in the purchase of a wet land, which the Government have ordered to be sold and the reserve held in cash only. The authorities of the bank, however, are unwilling to do so and on the pretext of not finding a suitable sale, have been evading the Government Order.

2. It is satisfactory that the ten working banks to which the report is mainly confined are all in a solvent condition though only three of them did any business worth the name.

3. The attention of the Deputy Commissioner, Bangalore District, is invited to para 14 of the report, regarding recoveries of Government dues in his district, during the last year and he is requested to take prompt steps for taking coercive measures in the case of recalcitrant members of the wound-up banks within his jurisdiction.

4. The Deputy Commissioner, Mysore District, is requested to see that the Government Orders on the subject of the reserve being held in cash by the Nanjangud Bank are given effect to without further delay.

Memo No. 6218, dated 8th December 1910, from the Revenue Commissioner in Mysore, forwarding letter No. 1553, dated 3rd December 1910, from the Census Superintendent in Mysore, submitting a statement reviewing the Progress of Census work in the Province till the end of October 1910.

NO. FL. 3710-18— CEN. 15-10, DATED BANGALORE, 9TH JANUARY 1911.

ORDER THEREON.—According to the Census Calendar, House-numbering should have been completed throughout the State by the 20th October 1910 and the preparation of House Lists by the 31st idem. The appointment of Census Enumerators and Supervisors should have been completed likewise by the end of October 1910. But looking at the statement of Progress of Census work under reference, it is apparent that there were at the end of October last heavy arrears in 3 taluks in respect of House-numbering, in 17 taluks in respect of House Lists and in at least 55 taluks in respect of the appointments of Supervisors and Enumerators.

2. In regard to the Kadur District which contains 7 taluks including Yedahalli and Sringeri Jahgir, the progress report gives information about only 6 taluks. Statistics relating to the other taluk should be furnished.

3. Government consider that on the whole the work at the end of October 1910 was by no means satisfactory and that more active and energetic measures are required on the part of the Deputy Commissioners of Districts to prevent any confusion in Census work in the latter stages.

4. It is hoped that by this time work has been brought up to date.

Letter No. 170, dated the 10th March 1910, from the President of Municipalities, Shimoga District, soliciting orders to credit to Municipal Funds the fines and penalties levied by Magistrates for offences under the Municipal Regulation, VII of 1906, and the bye-laws thereunder, there being no distinct provision in the Regulation to this effect.

2. Letter No. 2, dated the 4th July 1910, from the District Magistrate, Bangalore District, stating that the amount of fine imposed and recovered during the years 1908-09 and 1909-10 for offences under the Municipal Regulation was as shown below :—

Year	Amount imposed	Amount recovered	Balance
	Rs. a. p.	Rs. a. p.	Rs. a. p.
1908-09	54 12 0	54 12 0	.....
1909-10	55 4 0	50 4 0	5 0 0

3. Letter No. 109—16, dated the 17th September 1910, from the District Magistrate, Shimoga District, reporting that no fine was levied during the two years ending 1909-10 for offences under the Municipal Regulation in the Shimoga Municipality.

No. 6000-19—Ml. 247-09-5, DATED BANGALORE, 18TH JANUARY 1911.

ORDER THEREON.—Under Section 51 of the Mysore Municipal Regulation, all fines and penalties paid to or levied by a Municipality under the Municipal Regulation, form part of the Municipal Fund. The mode in which a penalty may be levied is described in Section 161 of the Regulation. That section lays down that the Municipal Council may institute a prosecution before a Magistrate and recover, on application to such Magistrate, the fine, if any, imposed by him, by distress and sale of movable property. Thus, it is the Municipal Council that practically recovers the fines and penalties imposed by Magistrates in all prosecutions under the Municipal Regulation. The Government are, therefore, of opinion, that all fines imposed in such cases including cases outside the Municipal Regulation in which the Council "may direct any prosecution for any public nuisance whatever" (Section 161) are clearly to be credited to the Municipal Fund and direct that they be so credited in future.

No. G. 4036-84—G. M. 157-10•2, DATED BANGALORE, 10TH JANUARY 1911.

ORDER.—Several instances have been brought to the notice of Government in which matter intended for publication in a particular issue of the *Mysore Gazette*, has been sent by the officers concerned later than the prescribed time, thereby causing considerable inconvenience to the Press and expense to Government. The Government, therefore, desire to impress upon all officers, the necessity of strict attention to the conditions contained in the Compiler's notice in the Gazette, regarding the transmission of matter for publication in the Gazette.

Report on the Administration of the Public Works Department during the year 1909-10, submitted by the Chief Engineer with his letter No. 9130, dated the 28th October 1910.

No. G. 4202-11—G. M. 149-10-4, DATED BANGALORE, 19TH JANUARY 1911.

ORDER THEREON.—Government have perused with much interest the Chief Engineer's Report on the working of the Public Works Department during the year 1909-10.

2. With reference to the remarks in para 6 of the report regarding the Marikanve Reservoir, Government await the result of the investigations set on foot by the Chief Engineer for securing the best results possible under the conditions of the Reservoir.

3. The speedy execution of the work of closing the breach of the Krishnarajakatte anikat and the success that attended the measures taken to conserve the water-supply in the Cauvery during the hot weather are very satisfactory and reflect credit on the officers placed in charge of the works.

4. An account is given in paras 43 to 46 of the report about the progress of the Minor Tanks Restoration Scheme. The amount of work turned out in the Shimoga and Kadur Districts in 1909-10 has, as in the previous year, been regretably small. In the maidan and semi-malnad parts of these districts there is still large number of minor tanks requiring attention, and Government desire to *mpress on the Deputy Commissioners of these districts the need for sustained and* nergetic action in this direction.

5. It is observed that more than one-half of the grant from the Village School 'und for the construction and repair of village school buildings was left unutilised nd was allowed to lapse at the end of the year. Government trust, however, that n the current and future years timely steps will be taken for expending the annual rant in accordance with the sanctioned programme.

Letter No. 191, dated the 19th November 1910, from the Deputy Commissioner, Tumkur District

---

In forwarding herewith the stipend order for Rs. 12-1-9 per month issued to one Kunigal Siddaviraiya on behalf of the Balehalli Jangam Matt at Yediyur together with the vernacular correspondence relating thereto, I have the honour to state that the Amildar reports that this Jangam Matt is under the direct authority of the Sri Simhasana Matt at Balehonnur, Koppa Taluk, and that the latter is hitherto in the habit of appointing managers from time to time, to whom the above tasdik is being given for conducting on its behalf the affairs of the Jangam Matt. From the records it would appear that one Siddavirnaiya in whose name the enclosed stipend order is issued on behalf of the Balehalli Matt at Yediyur, died long back and was succeeded by others One of such successors, Nanjundaiya, having died about August 1909, the tasdik for four months (August to November 1909) fell into arrears as nobody was appointed agent. One Rudrappa, since appointed as manager is reported to have been paid six months' tasdik on the authority of the Yadi from the Balehonnur Matt to the Amildar of Kunigal. As the payment of the tasdik grant to other than the specified person mentioned in the stipend order seems objectionable, I beg to suggest that this monthly grant may be allowed to be drawn on establishment pay bills under the above circumstance as in the case of the managers of mukkans (*Vide* Government Proceedings No 5405, dated the 9th May 1906) The arrears bill is also submitted herewith for sanction

No. 1773-4—Muz. 275-10-2, dated Bangalore, 17th January 1911.

Order thereon.—The Deputy Commissioner's recommendation which is concurred in by the Comptroller is sanctioned. The monthly grant will be drawn on establishment pay bills and paid to the manager duly appointed by the Balehonnur Matt.

2. The stipend order forwarded by the Deputy Commissioner is cancelled and retained in this office.

3. The bill for arrears amounting to Rs. 48-7-0 is countersigned and forwarded to the Comptroller for audit and return to the Deputy Commissioner.

Proceedings of the Government of His Highness the Maharaja of Mysore, Geological, dated 21st January 1911.

READ—

Memo No. 171, dated 12th December 1910, from the Secretary to Government, Geological Department, forwarding a report on a fatal accident which occurred in the Nundydroog Mine on the 1st of December 1910.

No. 1305-7, DATED BANGALORE, 21ST JANUARY 1911.

ORDER THEREON.—The report states that the accident occurred at the bottom of Richard's Shaft, Nundydroog Mine, which is now some 18 feet below the 2,750 feet level. The shaft had been timbered down to within 18 feet of the sink and the hanging wall of the untimbered portion is stated to have been quite sound and apparently quite secure. The bottom of the shaft had just been cleaned up and some men were engaged in baling water from the sink when an air-blast occurred which shattered a portion of the hanging wall, causing a quantity of rock to fall on the men engaged in the sink and almost immediately followed by a second shock bringing down more rock. Two men were found to have been killed by the falling rock and three injured, of whom one has since died.

2. The Inspector of Mines has reported that he is satisfied that the fall of rock was due to an air-blast and that the timbering of the shaft had been carried as close to the bottom as practicable. The Chief Inspector of Mines is of opinion that the accident shows the shaft to be at present in a zone of dangerous strain in which the apparent soundness of the rock affords no guarantee that it will not give way and he suggests that special precautions will have to be taken in the way of putting in temporary timbers closer to the working face. The Inspector of Mines has been requested to arrange with the Superintendent a scheme for the use of such temporary timbers.

3. The report will be recorded and the Chief Inspector of Mines will report for information of Government the arrangements for the use of temporary timbers, with his opinion as to the suitability and sufficiency of such arrangements.
